

before all other in these respects. It is a pity that the number of the 1898 was so small. In the last year of its existence it had 100 subscribers, many of whom were in the United States. It was a very successful paper, and its success was due to its high quality of its news and its high quality of its news.

Legend Explanation:

The lead number assigned is a new numbering system so that cottages, and associated structures and historic features from each cottage, are numbered together. Substructures and features are listed with letters "a, b, c".

The number in parenthesis (#) is the assigned structure number used in the 2000 survey.

(NL) indicates a structure which was not included in the 2000 survey or currently new since the survey.

The cottage name represents the original owner/occupant.
