Residents:

If you have more than 4 bikes to register at one time, please mail in your bicycle registration forms with a **Self-Addressed Stamped Envelope** or drop off your completed forms to be picked up at a later date. Typically within 24-48 hours during weekdays.

Note:

Forms without pertinent information such as serial numbers will not be accepted.

If we have to spend 5 minutes trying to locate a serial number on an E-bike, the line gets longer and tempers get shorter. Please locate your E-bike's serial numbers before you bring your bike down to be inspected.

Please don't argue with our administrative assistant or Interns if they tell you that we can't register your bike. We will NOT register Class III E-bikes. Class II E-Bikes must have the throttle permanently removed to be re-labeled as a Class I. If you wish for further clarification, please ask to speak with an officer.

If you bring your E-bike down to be registered on "E-bike day" and you have additional "regular" bikes to register, you can drop off the completed forms with Stephanie for pickup at a later date.

Reminder: Only people with mobility disabilities may have an E-bike on Mackinac Island. Only Class I E-bikes are allowed (no throttle, max speed 20mph are allowed.)

We are currently impounding non-complaint E-bikes and ticketing owners and/or users.
